

Jillian Fox

Web Design + Development

 [jillianfox.com](http://jillianfox.com)

## Experience

### Freelance Web Design & Development

September 2006 – Present

Creating clean, standards-compliant websites and web applications for small to midsize businesses. Utilizing HTML5, CSS3, and JavaScript, with great appreciation for responsive design, cross-browser compatibility, and ADA compliance.

### D4 Creative

Front End Developer, August 2014 - June 2018

Building responsive layouts and integrating them into a variety of CMS environments, with a focus on SEO and pagespeed analysis. Created email marketing campaign tracks. Worked together with clients, project managers, designers. and developers to ensure deadlines were met.

### MOD Worldwide

Web Developer, April 2009 – February 2013

Responsible for all front and back-end website development and maintenance. Managed and tracked email marketing campaigns. Attended client meetings, served as client contact for various projects, and managed teams of designers and developers.

### Thomson Reuters

Research Assistant, April 2009 – July 2009

Collected City Hall court documents for online legal resource
